The operator shall collect the tax from the transient at the time of the presentation of the invoice for the occupancy whether prior to occupancy or not, as may be the custom of the operator. The obligation to the metropolitan government entitled to the tax is that of the operator.

(d) For the purpose of compensating the operator in accounting for and remitting the privilege tax provided for in subsection (a), the operator is allowed two percent (2%) of the amount of tax due and accounted for and remitted to the tax collection official in the form of a deduction in submitting the operator's report and paying the amount due by the operator; provided, that the amount due was not delinquent at the time of payment.

(b) This chapter does not confer a right or an expectation of a right to treatment for an offender within the criminal justice system.

(c) A recovery court program, including but not limited to, a veterans treatment court program or a drug court treatment program, shall operate separate and apart from a mental health treatment court program.

16-19-105. Administration by the department of mental health and substance abuse services.

(a) The department of mental health and substance abuse services shall administer mental health treatment court programs by:

(1) Defining, developing, and gathering outcome measures for mental health treatment court programs relating to the purposes and goals in § 16-19-102;

(2) Collecting, reporting, and disseminating mental health treatment court program data;

(3) Supporting a state mental health treatment mentor program;

(4) Sponsoring and coordinating mental health treatment court program training;

(5) Administering and evaluating mental health treatment court programs; and

(6) Developing standards of operation for mental health treatment court programs to ensure that funds are allocated to meet the greatest need.

(b) In accomplishing the tasks listed in subsection (a), the department shall consult and collaborate with the Tennessee district attorney general's conference and the public defenders conference.

16-19-106. Funding.

(a) A court exercising criminal jurisdiction within this state or an existing drug court treatment program or a veterans treatment court program created by a court exercising criminal jurisdiction may apply for mental health treatment court program grant funds. If the department of mental health and substance abuse services determines that the court is able to administer a mental health treatment court program, then the department shall award the court grant money to fund a mental health treatment court program.

(b) If the department determines that a court is able to administer a mental health treatment court program and grant money is awarded pursuant to subsection (a), then the county in which the court resides shall provide a courtroom and a judge for the mental health treatment court program and all necessary supplies and equipment for the maintenance of the court, and shall defray the expenses thereof from the general fund of the county.

- (5) To form a corporation.

16-19-107. Guiding principles.

All mental health treatment court programs in this state must be established and operate according to the following principles:

(1) The community and a broad-based group of stakeholders representing the criminal justice system, mental health, substance abuse treatment, and related systems guide the planning and administration of the mental health treatment court programs;

(2) Eligibility criteria are established to:

(A) Address public safety and consider a community's treatment capacity, in addition to the availability of alternatives to pretrial detention for defendants with severe and persistent mental illnesses; and

(B) Take into account the relationship between mental illness and a defendant's offenses, while allowing the individual circumstances of each case to be considered;

(3) Participants are identified, referred, and accepted into mental health treatment court programs, and then linked to community-based service providers as quickly as possible;

(4) Terms of participation are clear, promote public safety, facilitate the defendant's engagement in treatment, are individualized to correspond to the level of risk that the defendant presents to the community, and provide for positive legal outcomes for those individuals who successfully complete the program;

(5) Defendants fully understand the program requirements before agreeing to participate in a mental health treatment court program. Defendants are provided legal counsel to inform their decision concerning participation and subsequent decisions about program involvement. Mental health treatment court programs must use a nonadversarial approach. Disagreements between a district attorney general and defense attorney are resolved prior to court and not in the presence of the participants. Procedures exist in the mental health treatment court to address, in a timely fashion, concerns about a defendant's competency if those concerns arise;

(6) Mental health treatment court programs:

(A) Connect participants to comprehensive and individualized treatment supports and services in the community; and

(B) Strive to use, and increase the availability of, evidence-based treatment and services;

(7) Health and legal information is shared in a way that protects potential participants' confidentiality rights as mental health consumers and their constitutional rights as defendants. Information gathered as part of the participants' court-ordered treatment program or services is safeguarded in the event that participants are returned to traditional court processing;

(8) A team of criminal justice and mental health staff and service and treatment providers receive special, ongoing training and help mental health treatment court participants achieve treatment and criminal justice goals by regularly reviewing and revising the court process;

(9) Criminal justice and mental health staff collaboratively monitor participants' adherence to court conditions, offer individualized graduated incentives and sanctions, and modify treatment as necessary to promote public safety and participants' recovery; and

(10) Data is collected and analyzed to demonstrate the impact of the mental health treatment court program, the mental health treatment court program's performance is assessed periodically, the mental health treatment court program's procedures are modified based on the results of the periodic performance assessments, the mental health treatment court program's processes are institutionalized, and support for the mental health treatment court program in the community is cultivated and expanded.

16-19-108. Mental health treatment court program participants. Each participant in a mental health treatment court program:

- (1) Shall not be a violent offender or sexual offender;
- (2) Must have a diagnosis of a severe and persistent mental illness; and
- (3) Must be willing to participate in the program.

SECTION 2. The headings to sections, parts, and chapters in this act are for reference purposes only and do not constitute a part of the law enacted by this act. However, the Tennessee Code Commission is requested to include the headings in any compilation or publication containing this act.

SECTION 3. This act takes effect upon becoming a law, the public welfare requiring it.

(g)

(1) The commissioner of commerce and insurance is authorized to promulgate rules to effectuate the purposes of this section. The rules must be promulgated in accordance with the Uniform Administrative Procedures Act, compiled in title 4, chapter 5.

This is a draft version of the House Journal and is to be considered UNOFFICIAL. It will become the official record of the House after it has been adopted by the House.

(2) Weighted allocations for which the individual student satisfies the criteria established in subsection (b); and

(3) Direct allocations for which the individual student satisfies the criteria established in subsection (c).

(b) A student generates weighted allocations, none of which is mutually exclusive of another, as follows:

(4) The weighted allocation for a student who resides in a sparse district is five percent (5%); and

(5) The department shall establish and categorize unique learning needs into ten (10) levels by rule based on the additional resources required to support each unique learning need. Before the department categorizes unique learning needs by rule, the department shall submit the proposed categorizations to the state board. The state board shall issue a positive, neutral, or negative recommendation for the proposed categorizations. A student generates a weighted allocation for each of the student's unique learning needs as follows:

(A) The weighted allocation for a level one (1) unique learning need is fifteen percent (15%);

(B) The weighted allocation for a level two (2) unique learning need is twenty percent (20%);

(c) The department shall promulgate rules in accordance with the Uniform Administrative Procedures Act, compiled in title 4, chapter 5, to set the direct allocation amounts generated pursuant to this subsection (c). Before the department begins the rulemaking process, the department shall submit the proposed direct allocation amounts to the state board. The state board shall issue a positive, neutral, or negative recommendation for the proposed direct allocation amounts. Direct allocation amounts are generated for the following students:

(1) A rising fourth grade student who is determined to not be proficient in English language arts (ELA) based on the student achieving a performance level rating of "below" or "approaching" on the ELA portion of the student's most recent TCAP test;

(2)

(A) A student assigned to the first year of a level one (1) career and technical program;

(B) A student assigned to the second year of a level one (1) career and technical program;

(C) A student assigned to the third year of a level one (1) career and technical program;

(4) A student in any of the grades kindergarten through three (K-3); and

(5) A student who attends a public charter school.

(d) The funding that a student generates pursuant to this section must be administered and allocated by the department to the LEA in which the student is a member for the duration of the student's membership in the LEA, except that the funding a student generates pursuant to subdivision (c)(3) shall not be allocated to the LEA, but must be maintained by the department. A student's membership in an LEA begins on the first day of the student's membership and ends on the last day of the student's membership in the LEA, except that the membership of a student who graduates early is extended to the student's expected graduation date for funding purposes.

(e) A portion of any annual increase in the base funding amount may be restricted by act of the general assembly for the sole purpose of providing salary increases to existing educators. If a portion of an annual increase in the base funding amount is restricted pursuant to this subsection (e), then an LEA or public charter school must use the portion restricted to provide salary increases to existing educators. The state board shall increase the minimum salary on the state salary schedule, as appropriate, based on the amount of funds restricted for salary increases, if any.

49-3-106. Student outcome incentives.

(a) Subject to available appropriations, the department shall allocate student-generated outcome incentive dollars to an LEA based on the achievement of member students in the LEA's public schools.

(b) An LEA may receive student-generated outcome incentive dollars if the member students in the LEA's public schools achieve the outcome goals established by the department. The department shall establish outcome goals by rule in accordance with the Uniform Administrative Procedures Act, compiled in title 4, chapter 5. Before the department begins the rulemaking process, the department shall submit the proposed outcome goals to the state board. The state board shall issue a positive, neutral, or negative recommendation for the proposed outcome goals.

(c) The department shall allocate available appropriations for student-generated outcome incentive dollars to LEAs in direct proportion to the number of outcome incentive dollars generated by students who are members in each of the LEA's public schools, relative to the total number of outcome incentive dollars generated by all Tennessee public school students.

(d) Funding allocations made pursuant to subsections (a)-(c) are based on the data collected for the LEA during the immediately preceding school year.

(e) Funds allocated pursuant to this part that remain unexpended at the end of a fiscal year shall not revert to the general fund but must be used to supplement future allocations of outcome incentive dollars pursuant to this section.

(f) The commissioner shall convene a group of individuals with relevant experience or expertise to advise the commissioner regarding outcome incentive dollars and outcome goals. The group must consist of:

(1) Three (3) directors of schools, one (1) selected from an LEA located:

(A) In an urban area in this state;

49-3-107. Fast-growth stipends.

(a) Subject to available appropriations, stipends must be allocated pursuant to this section. Funds appropriated for the purposes of this section must first be allocated pursuant to subsection (b). If the funds appropriated for the purposes of this section exceed the amount required to fund stipends pursuant to subsection (b), then the excess funds must next be allocated pursuant to subsection (c). If the funds appropriated for the purposes of this section exceed the amount required to fund stipends pursuant to subsections (b) and (c), then the percentage in subsection (b) may be lowered to ensure that all funds appropriated are allocated and disbursed to LEAs.

(b) An LEA that experiences growth in the total allocation generated by students in non-virtual schools in the LEA pursuant to § 49-3-105 in the current year in excess of one and one-quarter percent (1.25%), as compared to the prior year, is eligible for a fast-growth stipend equal to the increase in allocations in excess of one and one-quarter percent (1.25%). If the funds appropriated for purposes of this section are insufficient to provide for an LEA's fast-growth stipend, then the commissioner shall apply a pro rata reduction to the stipend amount each LEA is otherwise eligible to receive.

(c) Subject to available appropriations, an LEA that experiences ADM growth in non-virtual schools exceeding two percent (2%) for each year of a three-consecutive-year period is eligible for an infrastructure stipend. The infrastructure stipend is a per-student flat dollar amount based on the number of member students in non-virtual schools in the LEA for the current school year in excess of a two percent (2%) ADM growth in non-virtual schools from the prior year. An infrastructure stipend in a given year must be uniform for all eligible LEAs.

49-3-108. Distribution of funds.

This is a draft version of the House Journal and is to be considered UNOFFICIAL. It will become the official record of the House after it has been adopted by the House.

(a) The commissioner and each local government shall distribute allocated education funding periodically throughout the school year according to a schedule established by the commissioners of education and finance and administration, subject to all applicable restrictions prescribed by law.

(b)

(1) If, during the first year of implementation of the TISA, an LEA's allocated TISA funds total less than the LEA's baseline funding amount, then the department shall allocate additional funds to the LEA in an amount equal to one hundred percent (100%) of the difference between the LEA's baseline funding amount and the LEA's allocated TISA amount.

(2) If an LEA was eligible for additional funds under subdivision (b)(1), and if, during the second year of implementation of the TISA, the LEA's allocated TISA funds total less than the LEA's baseline funding amount, then the department shall allocate additional funds to the LEA in an amount equal to seventy-five percent (75%) of the difference between the LEA's baseline funding amount and the LEA's allocated TISA amount.

(3) If an LEA was eligible for additional funds under subdivisions (b)(1) and (b)(2), and if, during the third year of implementation of the TISA, the LEA's allocated TISA funds total less than the LEA's baseline funding amount, then the department shall allocate additional funds to the LEA in an amount equal to fifty percent (50%) of the difference between the LEA's baseline funding amount and the LEA's allocated TISA amount.

(4) If an LEA was eligible for additional funds under subdivisions (b)(1)-(3), and if, during the fourth year of implementation of the TISA, the LEA's allocated TISA funds total less than the LEA's baseline funding amount, then the department shall allocate additional funds to the LEA in an amount equal to twenty-five percent (25%) of the difference between the LEA's baseline funding amount and the LEA's allocated TISA amount.

(c) An LEA's allocated education funding shall not decrease more than five percent (5%) from one (1) year to the next year. If an LEA's TISA allocation decreases by more than five percent (5%) from the LEA's TISA allocation for the prior school year, then the department shall allocate additional funds to the LEA in an amount such that the decrease in the LEA's TISA allocation for the current year is only five percent (5%), except that the department shall not allocate additional funds to an LEA pursuant to this subsection (c) if the department is required to allocate additional funds to the LEA pursuant to subsection (b).

(d)

(1) Subject to available appropriations, the department shall distribute a grant to an LEA that:

(A) Is located within a county designated as distressed or at risk by the commissioner of economic and community development and for which the LEA's fiscal capacity and local contribution increase the LEA's maintenance of effort requirements pursuant to § 49-3-314(c)(3)(A); or

(B) Is located within a county having an active tourism development zone agreement executed before July 1, 2023, and having a population of not less than ninety-eight thousand three hundred (98,300) nor more than ninety-eight thousand four hundred (98,400), according to the 2020 federal census or any subsequent federal census.

(2) An LEA that satisfies the criteria of subdivisions (d)(1)(A) and (d)(1)(B) may receive multiple grants.

(e) Before a full and complete settlement is made with an LEA, the LEA must file all required records and reports with the commissioner.

(f) Notwithstanding § 49-3-105, if state funds available for distribution are insufficient to meet an LEA's TISA allocation for a school year, then the commissioner shall apply a pro rata reduction to the amount that each LEA is allocated.

(g) If the action prescribed in subsection (f) is necessary, then the commissioner, with the approval of the state board, may waive any requirements prescribed by law, rule, or otherwise until the state provides the required funding; provided, however, that the commissioner shall not waive the regulatory or statutory requirements listed in § 49-1-201(d)(1)(A)-(O).

(h) If a local government fails to include the local contribution in the local government's budget, then the comptroller of the treasury shall not approve the local government's budget.

49-3-109. State and local contributions; determination of fiscal capacity.

(a) The state shall provide:

(1) Seventy percent (70%) of the total funding allocation that students generate pursuant to § 49-3-105(a)(1) and (a)(2); and

(2) One hundred percent (100%) of:

(A) The total funding allocation that students generate pursuant to § 49-3-105(a)(3);

(B) The total funding allocation that students generate pursuant to § 49-3-106; and

(C) The total funding allocated pursuant to § 49-3-107.

(b) The local share, which must be paid with local government funds, is the remaining thirty percent (30%) of the total funding allocation that students funded by a local government generate pursuant to § 49-3-105(a)(1) and (a)(2).

(c) Each county's fiscal capacity must be determined pursuant to the fiscal capacity calculation no later than May 1 immediately preceding the school year for which students generate the total funding allocation. The annual fiscal capacity calculation, including the underlying data and the determination for each county, must be reported publicly. The fiscal capacity of a county for a school year shall not be revised after its fiscal capacity has been determined for that school year.

(d) A county's local contribution is calculated by multiplying the county's fiscal capacity by the local share. Each local government's local contribution must be proportional to the funding allocation that students generate in the local government's jurisdiction pursuant to § 49-3-105(a)(1) and (a)(2).

(e) The intent of the general assembly is to provide funding on a fair and equitable basis by recognizing the differences in the ability of local jurisdictions to raise local revenues.

(f) If a local government fails to approve a budget that includes the local government's local contribution and maintenance of effort obligations by October 1, then the commissioner shall not distribute TISA funds to the LEA until the local government approves a budget that includes such obligations.

(g) This part and § 49-3-314(c) establish the minimum education funding that a local government must contribute. This part does not prohibit or limit a local government from contributing more than the local contribution required in subsection (b).

49-3-110. Professional development requirements.

(a) The department shall create or procure, and make available at no cost to participants, a professional development series on the TISA. The series must include, at a minimum, an in-depth explanation of the TISA and the TISA guide, instruction on how to budget to increase student achievement, instruction on how to connect student achievement with investments in education, and instruction on how to hold decision-makers accountable for funding decisions. The following individuals are required to participate in the professional development series by June 30, 2024, or within the first year of the individual's term of office or employment, whichever is later:

The professional development series must be available no later than January 1, 2023.

(d) A professional development series created or procured pursuant to this section may be provided to participants virtually or in person at the discretion of the department. The department shall make all instructional materials used as part of the series publicly available on the department's website.

(2) Describes how the LEA's budget and expenditures for prior school years enabled the LEA to make progress toward the student achievement goals established for the prior school years; provided, however, that this subdivision (a)(2) does not apply to the report submitted for the 2023-2024 school year.

(b) The report required in this section must be presented to the public for comment before the report is submitted to the department. The report required by this section must be submitted to the department by November 1, 2023, and each November 1 thereafter.

(c)

(1) An LEA that operates or authorizes a public school that receives a "D" or "F" letter grade pursuant to § 49-1-228 may be required to appear for a hearing before a joint ad hoc committee of the general assembly to report on the public school's performance and how the LEA's spending decisions may have affected the ability of the LEA's public schools to achieve certain performance goals. The speakers of the senate and house of representatives shall each appoint members to serve on the committee from the members of the general assembly serving on the education or finance committees of the senate and house of representatives. The board shall notify each LEA of the goal established pursuant to this subdivision (c)(1).

(2) The board shall annually review each accountability report submitted pursuant to § 49-3-112(a) to determine if an LEA is taking the proper steps to achieve the goal established pursuant to subdivision (c)(1).

(3) If, at the end of a three-year period as described in subdivision (c)(1), the board verifies that an LEA does not meet a goal established pursuant to subdivision (c)(1), then the board shall determine if further action is necessary based upon whether the LEA is taking the proper steps to achieve the goal as reviewed pursuant to subdivision (c)(2). If the board determines further action is necessary, then the board shall recommend that the commissioner of education require the LEA to complete training in addition to the requirements of § 49-3-110 on how to budget to increase student achievement based upon the goal set pursuant to subdivision (c)(1).
